CONTACT/PHONE NUMBER: Deborah Van Wanseele, (619) 533-3012
Siavash Pazargadi, (619) 533-3757REQUESTED ACTION: Update the City's Bicycle Master Plan to include three new projects.STAFF RECOMMENDATION: Approve the resolutionEXECUTIVE SUMMARY:

A current Bicycle Master Plan is a necessary component as part of the application process for bicycle-related grant funding. The City's current Bicycle Master Plan was adopted by Council in 2002, and is in the process of being revised but because it is more than five years old it is considered invalid when applying for grants, including the upcoming State Bicycle Transportation Account (BTA) grants, the regional TransNet/Transportation Development Account (TDA) grants, and any other future grants.

By updating the current document and adding new projects, the City will be eligible to apply for grant funds for any projects in the current Bicycle Master Plan while the new Bicycle Master Plan is being prepared.

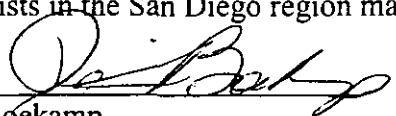

Staff is recommending that three projects be added to the 2002 Bicycle Master Plan: connectors to the State Route 56 Bike Path at Rancho del Sol Way, Torrey Meadows Drive, and Darkwood Canyon. These projects will provide direct connection to the SR-56 Bike Path from nearby residential areas. Without these connections, lengthy out of direction travel is required to access the bike path (See Attachment 1). Updating the Bicycle Master Plan as described will make bicycle projects eligible for funding from various granting agencies.

FISCAL CONSIDERATIONS: None with this action.PREVIOUS COUNCIL and/or COMMITTEE ACTION:

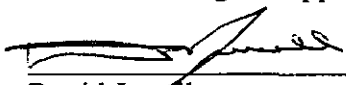

The current Bicycle Master Plan was adopted by Council on May 28, 2002.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS: N/AKEY STAKEHOLDERS & PROJECTED IMPACTS:

Bicyclists in the San Diego region may benefit from future grant opportunities.
